Not so in the top photo where the imposingly pillared Mattapoissett House has long been gone. But the home on the corner of Barstow is now the Cattley home. ### WHARF SLIP SPACE DISCUSSED

Norman Soares, Wharf Commissioner, met with Selectmen to talk over possible solution of a long time wharf problem. Selectman Chairman R. William Blasdale assured Mr. Soares that the confusion concerning the waiting list for wharf slip far predates his taking office. The complaint brought to the Selectmen's attention last week by Mr. Stanley Hamilton concerning loss of his boat slip which was occupied and paid for last year was brought to Mr. Soares' attention. He said that according to the records turned over to him upon taking office there was nothing recorded concerning Mr. Hamilton and so the slip had been assigned to another party. Hamilton requested that this same slip be returned to him because he had a ladder constructed to fit it and had made other improvement. A statement by George Henshaw, former Wharf Commissioner, was read. He stated that Donat Couet's name as the former holder of Hamil-

ton's slip had not been removed from the records due to clerical error. So, when Hamilton occupied slip 16, his name had never been recorded on lists turned over to Soares. When Couet received a bill for slip 16 for this season, he called and cancelled the space. Soares, not knowing that Couet had not occupied the slip last year, assumed the space was vacant and assigned slip 16 to another person. Then, when Hamilton got ready to put his boat in the slip he found it occupied.

Dick Keyes, present at the discussion, said that he had placed his name on the waiting list in 1960. He showed Selectmen a copy of the 1966 Town Report in which the list was published and it showed his name. Mr. Keyes said that he fails to understand how the names now at the top of the list preceding his name are people who did not live in Mattapoisett in 1960 and in fact did not move into town until years later. Chairman Blasdale suggested to Mr. Soares that Keyes who can clearly prove his position on the last published 1966 list, should be assigned the top po-

sition on the waiting list. Allen Sherman suggested that the treasurer's office send out wharf space bills according to the list of slip holders. He suggested that each bill show a deadline for a boat to be in the water occupying the slip. It was also suggested that no slip be assigned to any person who does not own the boat which occupies that space. Mr. Blasdale assured Soares that, although the decisions for straightening out all of these difficulties are his alone, the Board of Selectmen will back him on them.

Selectmen with the following letter:

"To the Mattapoissett Board of Selectmen:

"In view of the fact that certain differences of opinion have arisen between the Mattapoissett Board of Selectmen and the Mattapoissett Council on Aging, which in the opinion of the undersigned members of the Council on Aging threaten to materially impair--if not totally destroy--the power of the Council on Aging to carry out the objectives mandated to it by the statutes, not alone to the elderly of Mattapoissett but in fact to all the people of Mattapoissett, we, therefore, with a feeling of deep regret resign as members of the Mattapoissett Council on Aging.

The Selectmen discussed the letter and felt strongly that a discussion of any misunderstandings could clear them up. They decided to take no further action until a meeting could be arranged with the members of the Council on Aging.

Mr. Roy was accompanied by Mr. Vermette who introduced himself as a management consultant to Mr. Roy. The Selectmen invited and heard comments from the abutters to the proposed location and from proprietors of local liquor store owners. Mr. Roy explained the type of operation that he planned and the reason for requesting the change of location which was to be closer to the center of the town.

The Selectmen took the matter under advisement. Mr. Blasdale said that the Board will have Town Counsel Donald Fleming investigate the makeup of the corporation thoroughly before any decision will be considered by the Board of Selectmen.

Your Time Is Our Time.

We're now open an additional 68 hours a week for your convenience, at NBIS office lobbies and drive-in windows throughout Greater New Bedford.

Why? To make it easier for you to do business with us. We can now serve you earlier in the morning or later in the evening than ever before. And we've also added Saturday banking at three branches convenient to major shopping areas — West End, Ashley Blvd. and Dartmouth.

One more thing: At our Dartmouth office only, you'll find our new extra-long Friday hours on Thursdays, too. So at Dartmouth, on both Thursday and Friday, the lobby is open from 9 a.m. to 8 p.m.; the drive-in window from 8 a.m. to 8 p.m.!

So, whether you wanted to bank earlier in the morning...later in the evening...or on Saturdays...you've got your wish. An extra 68 hours a week for your convenience. At NBIS.

We've got more time for you. A lot more.

## Letters to the Editor

I would like to publicly thank all the officers and patrolmen of the Mattapoisett Police Department for their assistance during the past three years. My responsibilities as manager for M.M. Inc., the company that owns the school buses that transport students in Mattapoisett, have been tremendous. The wholehearted and unselfish time and help rendered to me by the Police Department has made this responsibility much easier to bear.

It would take every page of one week's

edition of the Presto to thank each member of the Police Department individually for the assistance they have given to me and to all the bus drivers when problems have arisen. Assistance when a bus has broken down on the road, notifying the drivers of dangerous road conditions and help during times of emergency are just a few of the many ways the Police Department has been "Johnny on the spot". Without a doubt the most important way in which they have served the bus drivers and students is the daily morning and afternoon routine of following the buses that board and discharge students on Route 6. The sight of a police cruiser in back of a school bus has been a great deterrent to the drivers of private vehicles who would otherwise go by a "stopped" school bus.

The parents of every student in Mattapoisett should be very grateful to all the members of the Mattapoisett Police Department. Their invaluable assistance the past three years has been a very important factor in our safe transportation of your children.

Thank you, men. Your assistance is deeply appreciated, more than mere words can express.

Sarah N. Kinney,  
Mgr. for M.M. Inc.

### FROG CONTEST - EPILOGUE

A reminder to all those contestants who still have frogs - please return them to the wetland where they were obtained. Future contests can only be held if an ample frog population abounds in this area.

Due to the efforts of all involved, a profit was incurred which will be allocated by the P.T.C. to various elementary school activities. A limited supply of frog contest buttons are still available for a nominal fee through the P.T.C.

Special thanks are extended to the frog committee whose energies made the contest a success. Thanks are also extended to all who helped in judging, scoring, registration, refreshments, marshalling, cleaning up, and prize procurement or preparation. Over 100 residents helped in one manner or another in the frog contest.

## SUMMER FUN CLUB AT YMCA

During the summer months of July and August the New Bedford YMCA will be holding a weekly program for boys and girls ages 6-15.

The YMCA Summer Fun Club is several programs in one. Each section is made up of either boys or girls, sub-divided by common age level and each has its own director and staff. The program for each is made up according to the age level and includes swimming instruction each day. The program runs outdoors as much as possible.

The program day is made up of two general periods. In the morning instruction is given in all program activities. Afternoon time the member has his choice of any activity available, where he may increase his skills or simply enjoy his favorite activity.

Throughout the week the member will have instruction in crafts, field games, gymnastics, and other activities too numerous to mention.

With the Y's more than adequate indoor facilities the program runs in all weather with a varied indoor program.

The program starts in July and runs Monday through Friday 9:30-3:30. For more information contact the Y Youth Department at 997-0736.

## Mosquito Season

Mosquito season is upon us again and once more we remind people that some mosquito problems can be avoided; especially those areas on your own property which may be potential breeding spots. Any small area where water can accumulate can become a breeding ground for mosquitoes.

The mosquito inspector is available to check these breeding spots and apply insecticide wherever necessary.

Early in May, the Town was sprayed aerially with a larvacide and we will be fogging for adult mosquitoes later in June. If you have any questions about our program, please call the Selectmen's Office, Mattapoisett, and leave your name and phone number. We're here to answer your questions and help in any way possible.
